In short, the American party is now and  
always will be in opposition to the union  
of Church and State. Thus far we oppose  
Catholicism, but no farther. As a religion,  
it has a perfect and Constitutional right to  
its forms of worship, and against these we  
urge no objections. For Protestants to  
marry under the Constitution and laws of  
the land, it not only pronounces null and

hideous in the sight of God and the Church.  
With these charges and declarations start

the land, and only awaiting an opportunity  
to overthrow our dearly cherished and  
time-honored institutions.

Our opposition to Catholicism is not on  
account of its fundamental or essential ar  
ticles of religious faith, but because of its  
interference in the political concerns of the  
nation. It goes beyond the religious world,  
and claims to control the civil power. It  
is not satisfied with giving tone to Gov  
ernment by operating upon the heart of the  
ruler, but assumes to control the governed,  
in matters civil as well as spiritual. It  
appeals to the laws of force, to control mat  
ters of opinion; and resorts to the most out  
rageous persecution in all cases where free  
dom of thought cannot be killed without it.  
It fosters ignorance, and insists upon im  
plicit obedience on the part of the masses.  
It makes war upon the Bible; closes its lids  
to the people; drives it from our schools;  
burns it, and throws its ashes to the winds.  
It opposes public education, and fights a  
gainst all the liberal institutions of our

eternal enemy of Republicanism. For these  
reasons we oppose it.

**THE FOUR POINTS.**—The four points to  
which Russia is said to have at length a  
greed, as the basis of new negotiations, are  
the following:

1. The abolition of the Protectorate of  
Russia over the Danubian Principalities,  
and the privileges of those provinces plac  
ed under the collective guarantee of the  
contracting powers.
2. The free navigation of the mouths of  
the Danube, secured according to the prin  
ciples established by the Congress of Vi  
enna.
3. The revision of the treaty of 13th Ju  
ly, 1842, "in the interest of the balance  
of power in Europe."
4. The abandonment by Russia of her  
claim to exercise an official protectorate  
over the Christian subjects of the Porte (to  
whatever rite they might belong,) in con  
sideration of the powers giving their mu  
tual assistance to obtain from the Sultan a  
confirmation and observance of the relig  
ious privileges of all Christian communi  
ties.

This, however, is only another of the  
many evidences continually being made  
public premonitory of the final dissolution  
of the *Eagle's* political organization. We  
have had faith all along that these dema  
gogues would show their true character in  
due season; and this opportune organiza

editors of the *Eagle* is like driving the last

remains of that aggregate of infamy—"The  
Red Lodge clique of Fairfield county."

**A GOOD MAN FALLEN.**—Rev. John Rea,  
one of the oldest Presbyterian Ministers in  
the State, died at Cadiz on the 12th inst.  
Mr. Rea was upwards of 80 years of age,  
has been a minister of the Gospel for 60  
years, and was pastor of one Congrega  
tion 45 years.

**TENNESSEE.**—The *Memphis Eagle and

P. GENTRY, of that State, as the Republi

general consultation it is found that the  
Press is unanimously in his favor.

The Cincinnati Price Current puts the

**ARREST OF KISSANE.**—A dispatch from  
Buffalo yesterday, says that William Kis  
sane the forger, &c., was arrested on the  
15th inst., at Williamsville, Erie county,  
New-York, and that \$6,500 were found  
upon his person. It will be remembered  
that last summer, on his way to New

jumped from the cars on the Erie road,  
when they were in full motion, and escap

**FROM HAVANA.**—The steamer *Cahuaba*,  
arrived at New-York from Havana on Sat

the 11th. No news of the filibusters, but  
the government was on the look out for  
them in all directions. It is evident that  
the authorities are in a good condition to  
receive them, and, if any descent is made,  
it will no doubt, meet the fate of its pre  
decessors. A noted lawyer in Havana,  
named Citza, has been arrested, on suspi
